OBJECTIVE

Third-year MBA Tech student specializing in Computer Engineering at NMIMS, Navi Mumbai with a good foundation in full-stack development, DSA, and problem-solving. Actively exploring AI and passionate about building practical, user-focused software solutions.

EDUCATION

• Narsee Monjee Institute of Management Studies

MBA Tech in Computer Engineering *GPA* - ...

July 2023 - July 2028 Kharghar, Navi Mumbai

Delhi World Public School

Higher Secondary Education

Grade: 71 %

April 2022 Nerul, Navi Mumbai

Bal Bharati Public School

Secondary Education

Grade: 87 %

April 2020 Kharghar, Navi Mumbai

SKILLS

• Programming Languages: Python, Basic-C++, Java

• Web Technologies: HTML, CSS, JavaScript

• Database Systems : MySQL

Algorithmic Problem Solving: Data Structures and Algorithms, Solved 140+ on Leetcode

Tools & Version Control: VS Code, NeoVim, PyCharm, Git, GitHub

PROJECTS

FaseSy: Cab Fare Comparison and Booking (8)

Feb 2025 - Ongoing

Tools: [HTML, CSS, JavaScript, MySQL, Node.js]

- Developed a cab fare comparison platform that fetches real-time prices from multiple platforms.
- Displays the cheapest fare options and allows users to book directly from our website.
- Implemented web scraping & API integrations to retrieve data dynamically.
- Designed a user-friendly UI.

MiniGameHub: Interactive Web Games (1962)

Dec 2024 - Ongoing

Tools: [HTML, CSS, JavaScript]

- Built a fun and engaging web platform featuring multiple games.
- Made a visually appealing and responsive UI.
- Applied fundamental programming concepts to implement interactive game logic and features.
- User-friendly interface using standard web technologies.

Tools: [Java, Swing, MySQL, JDBC]

- Developed a desktop-based Library Management System using Java Swing for the user interface.
- Utilized JDBC to connect and interact with a MySQL database for efficient data storage and retrieval.
- Implemented many features.
- Demonstrated strong understanding of object-oriented programming, database design, and UI development.

CERTIFICATIONS

• Deloitte Australia Technology Virtual Job Simulation — Forage [View Here]

May 2025 - Completed

- Simulated real-world tech project work
- Developed a proposal for a machine health monitoring dashboard
- Gained exposure to tech consulting practices at Deloitte
